ABI/INFORM includes around **100 full text scholarly journals** from publishers such as Emerald, Incisive Media and Springer that will inform business decision making and research in Risk Management, including *Journal of Risk and Uncertainty*, *Journal of Risk and Insurance* and *Financial Analysts Journal*. In total, there are **over 600 titles on this subject**, covering topic areas such as credit, financial and investment risk; operational risk, managerial decision & decision models; corporate accountability, business ethics and social responsibility. Insurance Reports and Commercial Banking Reports for many countries from **Business Monitor International** are available. Over 200 further related titles are included in ProQuest Central.

Taking advantage of the **subject indexing** available, it is easy to search by subject on “risk management” to return results across the full spectrum of available journals and sub-topics, then use the **filters** or search within these results to narrow down by industry, type of risk or other specific topic area. Users can also benefit from the editorially controlled **Company/Organization field** to find material relating to individual insurance companies, regulatory agencies or other organizations.

- **Key trade publications**: Financial Planning, Investment Week, Risk and others
- **Key scholarly journals**: Journal of Risk and Uncertainty, Journal of Risk and Insurance and Financial Analysts Journal and many more
- **Non-periodical content highlights**: reports on insurance and commercial banking sectors around the world from Business Monitor International
